Subject: Microsoft settlement

The Microsoft settlement was reasonable,fair and good for the consumer. HOWEVER the special interests are attempting to derail this settlement and prolong the litigation simply to benefit the few wealthy competitors of Microsoft. This is political posturing by the few States Attorney Generals who refused to sign on to the settlement. The only beneficiaries are the attorneys involved. The continuance of this case is NOT in the interests of the consumers for whom this law was originally crafted. The current settlement IS in the public interest. Please close the case.
